2 Women Held In Shooting

'Honey Boy' Asks Interview

Police detained two women today in connection with the shooting of Richard D. (Honey Boy) Jones, 33-year-old former boxer.

Jones's wife, Elia Mae Jones, 490 Central avenue, was held in county jail and his sister-in-law Frances Floyd Merritt, 185 Crystal Springs, was detained in city jail.

Meanwhile, officers said Jones had requested police to send an officer to General hospital for an interview.

Detectives hoped to obtain from Jones an identification of the woman who walked up to his car about noon Monday on East Temple court and shot him in the face.

LEADING SMALL BOY

Witnesses said the woman who was seen to fire the shot was leading a small boy by the hand. After the shooting, she fled north on Main street.

Jones, when interviewed by officers yesterday, insisted the shooting "happened too fast" for him to be able to identify his assailant. His request for an interview caused police to believe he might now be able to give helpful assistance in their investigation.

Officers said they planned to confer with County Prosecutor Theodore Lutz after interviewing the boxer.

Hospital attendants reported Jones's condition as "good" today. He was believed shot by a pistol, under the right eye.

Jones, now manager of the C and P club, 188 North Main street, retired from the ring in 1940 after attaining a reputation as a ranking light-heavyweight fighter.

Committee Votes Funds

Senate, House Face No Cuts

WASHINGTON — (UP) — The House appropriations committee today approved a bill giving the Senate everything it asked and the House nearly everything it asked for the new fiscal year.

Money to run the two houses in the year starting July 1 constituted the biggest items in a legislative appropriation bill totaling $55,839,690.

This was $5,327,930, or about 8 per cent, under budget requests. But it was the government printing office, the library of Congress and other agencies operating under the legislative branch which took the cuts.

The House committee left untouched a Senate request for $10,611,925 because, it explained, of "the usual comity existing between the two houses."

It voted $18,140,665 for the House. Although this figure was $97,620 bigger than the budget request, it was $398,379 less than the house received for the current fiscal year.

In decreeing strict economy for the rest of the legislative establishment, the committee also rejected a proposal to pay for house members' long distance telephone calls.

It voted down a plan to allow members up to $450 a year each—total of $197,000—for long distance calls. Senators already have such an allowance.

Storm Breaks Power Lines

CLEVELAND — (AP) — High winds felled scores of trees in Cleveland and nearby communities last night.

Telephone and power lines were snapped in Willoughby and Painesville. The police radio circuit, city hall and the Lake County Memorial hospital in Painesville were temporarily without electricity.

The winds, preceding a cool air mass, resulted in Lake Erie rising almost three feet in Cleveland. The coast guard said it was the first time the water change had occurred in several years.

Proposes $3 Bill To Honor FDR

WASHINGTON —(AP)— Congress will be asked to approve a $3 bill to honor the late President Franklin D. Roosevelt.

Rep. Klein (NY), who describes himself as a Roosevelt Democrat, said today he will introduce an authorization measure this week.

Klein said a $3 bill would perpetuate the name of the late President because—among other things—it would signify his tenure of office: three terms, plus three months of his fourth term.

The treasury department confined its comment to an observation that major changes in currency are rare.

Jews Break Blockade on Supply Line

Commandos Open Jerusalem Route

JERUSALEM — (AP) — Jews claimed victory today in the battle to open their vital Jerusalem-Tel Aviv supply line.

A spokesman said Jewish commandos smashed through Arab resistance last night in the Bab el Wad gorge, then swarmed over the hills to wipe out Arab entrenchments.

Haganah militia engineers, moving in behind the commandos, used bulldozers and dynamite to root remaining Arabs out of hillside positions along the winding mountain road, the spokesman said.

Once Arab resistance was broken, the engineers blasted through a series of stone barriers straddling the highway at the bottom of the gorge, 10 miles west of here. Convoys are set to start moving today.

The engineers had been ready for five days to clear the highway, the supply lifeline for 100,000 Jews in Jerusalem. Arabs and Jews have fought bitterly for control of the convoy route.

A Jewish agency spokesman said the first convoy in three weeks will travel this morning over the highway from Jerusalem to Tel Aviv. He added that a food convoy also is expected to head towards Jerusalem from Palestine's coastal plains.

The International Red Cross awaited a written request from Arab and Jewish leaders to convert Jerusalem into a neutral zone.

A temporary cease fire, agreed to Saturday by the Jews and Arabs, now exists in the Holy City.

The British relinquish their Palestine mandate Friday at midnight.

Youths, 18, Can Train

WASHINGTON —(AP)— A volunteer plan for 18-year-olds to get training as a military reserve was approved today by the Senate armed services committee.

The Senate group is working on military manpower legislation which has two main aims:

1. A draft of men in the 19-25 age group for regular service in the armed forces.

2. Training of 161,000 18-year-olds as a reserve. This has been called a substitute for universal training.

The decision to let the 18-year olds volunteer for training reversed an earlier view that they must be taken by lot because they would avoid a longer two-year term imposed on men 19 through 25 years by the stop-gap draft.

This change was agreed upon as the Senate committee awaited a final conference with Secretary of Defense Forrestal later today. They want to go over their bill with Forrestal before final action on it.

Widowed Mother Of Two Murdered

CLEVELAND —(UP)— A widowed mother of two young children was shot and killed in her home today and police immediately arrested a 30-year-old man described by neighbors as the victim's "boy friend."

The victim, Mrs. Lucille B. Brady, was dead when police arrived. Detectives were unable to learn immediately what caused the shooting. Mrs. Brady was the mother of two daughters, 9 and 13.

Month-Old Baby Abandoned In Automobile at Hospital

Doctors Ask To Adopt Little Boy

'Woman In Gray' Leaves Note In Car

By NITA BRANSON

A little dark-haired, blue-eyed boy cried for his breakfast at General hospital this morning, unaware that he was the center of an exciting "baby-left-in-an-automobile" story, the first of its kind in memory of hospital officials.

Yesterday afternoon, when his mother abandoned him in the car of Mrs. Dale L. Gaster, head bookkeeper at the hospital, he was an "unwanted" baby.

"But a half hour after we found him," Miss Gayle Rife, night supervisor, related, "there were a half-dozen doctors and at least that many nurses who would have made him one of the 'wanted' children in the world, if they could have had their way."

He's a cute little tike, weighing nine pounds and six ounces, perfectly formed and healthy. He will be a month old next Saturday, according to the note his mother left in the car.

'WOMAN IN GRAY'

The only clew to the mother is a "woman with a gray coat." Mrs. Catherine Frasher, hospital employe, saw her place the baby in Mrs. Gaster's car at 4 p. m. as she left the hospital for home. She thought nothing of the incident.

The baby lay in the automobile until 5:30 p. m. Mrs. Gaster found it when she started for her home at 527 Sloane avenue. When she opened the door, she gasped in astonishment.

"For a moment I didn't think of it as an abandoned baby, I was too amazed. Then I saw the note on the floor with a bundle of extra clothes and I realized what had happened," she said.

The note, written on pink stationery, read:

"Baby Wendell Stevens was born April 15, 1948. Since I am no longer able to care for my baby, please have him adopted or put in a children's home."

'WENDELL STEVENS' . . . abandoned in automobile

A small box, containing neatly-pressed and clean baby clothes, was found in the car along with an empty baby's milk bottle with a nipple.

Paul Martin, police identification officer, was checking the articles today for fingerprints, but said his task was made difficult by the fact that a number of persons had handled them.

HOSPITAL KEEPS CHILD

Mrs. Virginia Keller, supervisor of the first floor, said "we'll keep him until the police decide what to do.

"We have no record of a Stevens baby being born in the hospital on that date. It may be a fictitious name or he may have been born somewhere else, of course."

But until little Wendell finds a home, he's going to get plenty of care and attention and some good "breakfasts," not to mention lunches and dinners, at General hospital.

This morning, the nurses were vying among themselves for the privilege of caring for Wendell.

OB Raises Pay of 800 Employes

5 to 17½-Cent an Hour Increase Granted

A five-cent to 17½-cent an hour wage increase for approximately 1500 production workers at Ohio Brass company's Mansfield and Barberton plants was granted yesterday by company officials, effective at once. Eight hundred Mansfielders will share in the increase.

The new contract also calls for changes in the overtime pay provisions. It was reached after 12 days of negotiations between Local 758, United Electrical Workers, CIO, and company officials, Joe Sheetz, chairman of the Ohio Brass unit UEW, said.

Sheetz said the five-cent raise was "blanket, across the board" for all production workers and that pay hikes to a maximum of 17½ cents were given according to skilled work.

Tool and pattern makers were reported to have received the maximum wage increase.

Sheetz said the membership at Ohio Brass unanimously had pledged at least $1 a person to the UE's independent political committee "to help insure the election of representatives who will look after the interests of the people and who will wipe the Taft-Hartley act off the statute books."

SCORE MUNDT BILL

Members also condemned the Mundt bill, now before the House, which they said "under the guise of being anti-communist, would cripple our trade unions and our rights to strike as well as our rights to freedom of speech."

Full cooperation to the Ideal Electric workers, also members of Local 758, in their effort to win a wage increase was pledged by the OB workers. The assistance will include voluntary financial contributions and active support on the picket line in case of strike, Sheetz said.

He added the support also extends "to any other shop in Local 758, if and when needed."

Ideal negotiations were recessed indefinitely last Wednesday after Sheetz said the company refused to grant a wage increase.

Union Leaders Say Demands Must Be Met

WASHINGTON—(UP)—Rail union leaders said final settlement of their quarrel with the railroads can be brought about only by higher wages and better working conditions.

They said at a press conference that government seizure of the roads did not settle the fundamental issues involved, even if it did keep the nation's rail traffic moving.

The railroads were running normally under supervision of the army. And the army was prepared to stay in charge as long as necessary for the unions and private operators to make a settlement.

Army Secretary Kenneth Royall set up a small organization to direct operations. Army control is largely a "token" with actual operations left to the private managements of the carriers.

Leaders of three unions called off a scheduled dawn walkout last night after the government obtained a federal court no-strike order.

At first it was feared the strike-cancellation came too late to keep all of the country's 150,000 engineers, firemen, and switchmen on the job.

But reports from over the country showed the trains were manned and rolling.

In seizing the roads and placing them under army control yesterday President Truman asked the unions to keep their members on duty. But they did not call off the strike until the court order was issued.

Alvanley Johnston, head of the Brotherhood of Locomotive Engineers, stated the case today for his union and for the Switchmen's union (AFL) and the Brotherhood of Firemen and Enginemen.

"We have complied with the restraining order of the court and we have been compelled to work," Johnston said. "But we have not retreated from our previous position that our wages must be increased and our working conditions improved as requested."

DISCLOSES OFFER

Johnston disclosed that the unions had offered at emergency White House conferences before the seizure order to call off the strike for certain work rule changes plus a general wage increase of 15½ cents an hour.

The rule changes sought by themselves would have meant more money in pay envelopes of many of the 150,000 engineers, firemen, and switchmen involved in the dispute.

The railroads had agreed to the 15½ cent increase and some other rule changes recommended by a presidential board which tried unsuccessfully to mediate the dispute. But they resisted the further rule changes and the White House conferences failed.

Johnston said the strike would have gone on as planned if the government had not obtained a court restraining order. He said he believed government seizure of the roads was unnecessary but that the unions did not object to it.

Secretary Charles G. Ross said that John R. Steelman, assistant to the president, had scheduled no additional meetings with the contending groups, but would be glad to help if necessary to bring about an early settlement.

Youths Get $70 In Store Robbery

Police Hunt Pair In Hedges Street Hold-up

A pair of dark-skinned youths, about 20 years old, who held up and robbed the Wellborn grocery on Hedges street of $70 last night, were sought today by Mansfield police.

Mrs. L. L. Wellborn told police she was alone in the store at the time of the robbery, approximately 10:45 p. m. She said two men entered the store, one of them asking for a bottled soft drink.

Mrs. Wellborn said she gave the man the bottle of pop and went to the cash register to make change when the other youth drew a gun and said:

"This is a stick-up."

At the same time, the man who ordered the drink went behind the counter to the cash register and rifled it of $70 in cash. Mrs. Wellborn said both men then left by the front door.

Mrs. Wellborn said she heard no car pull away, indicating that the bandits might have been on foot. The youth who ordered the bottle of pop took it with him.

Mrs. Wellborn said her husband was working at the Mansfield reformatory at the time of the robbery. She reported the incident to police at 11:05 p. m. The Wellborns, who manage the grocery at 45 Hedges street, reside at 170 East Second street.

Showers Due Tonight

With the mercury at 78 degrees at noon and expected to climb past the 80-mark before sundown, the weatherman predicted showers and scattered thundershowers for this evening, followed by cooler temperatures.

An expected cold front that was due to pass over the area last night never materialized, but it brought heavy rains along Lake Erie.

The Weather bureau's five-day outlook for Ohio follows:

Temperatures will average about two degrees above normal in the south portion and near normal in the north portion during the period. Rather cloudy and cool Wednesday and Thursday, becoming warmer the remainder of the week. Showers Wednesday and Sunday, with total rainfall between three-quarters and one inch.

'Fast Time' Wins Favor

Reopening of Issue Suggested To Mayor

"Fast time" sentiment gained support in Mansfield today with a request to Mayor Roy W. Vaughn for reconsideration of the problem.

Office workers at the Westinghouse Electric corporation changed their working schedule from 8 a. m. to 5 p. m. to 7 a. m. to 4 p. m.

P. B. Fleming, public relations supervisor, said the change was made to make operations here conform to those in cities operating on daylight saving time.

Paul F. Cropper, vice-president of Livingston, Williams & Co., suggested to the mayor that the question of daylight saving time be considered again by council as a means of avoiding "inconvenience."

He asserted that he loses four working hours each day because of the difference in time in Mansfield and Cleveland.

He loses one hour in the morning when the Cleveland office is open and his office here is closed, another in the evening when his office is open and the Cleveland office closed. The other two hours are lost, he said, because of a difference in lunch times in the two offices.

Mayor Vaughn referred Cropper's letter to city council.

Soviets Bare American Plan

U. S., Russia Plan To Talk Things Over

LONDON—(INS)—Lt. Gen. Walter Bedell Smith, U. S. ambassador to Moscow, said today Russia violated a confidence in making public an exchange of views on the possibility of settling Russo-American differences.

While the new approach seemed to create a generally favorable impression in Europe, the ambassador made his statement on his arrival in Berlin.

Smith is on his way to France for a two weeks' vacation.

On his arrival in Berlin from Moscow, Smith said: "The release was a complete surprise to me. It is the first time the Russians have ever done this.

"It was my understanding the talks would be kept confidential."

In revealing the exchange, the Moscow radio announced Russia's acceptance of a United States proposal for discussions aimed at settling differences between the two powers.

PRESENTED TO MOLOTOV

Smith presented the American proposal a week ago and Molotov replied favorably on Sunday.

(In Washington the state department said the Russian reply now is under study by government officials.)

Smith visited Molotov personally to hand him a note which cited American concern over Soviet hostility to the European recovery program.

In his reply Molotov said:

"The Soviet government has acquainted itself with the statement of the United States ambassador dated May 4 concerning the present state of Soviet-American relations.

"The Soviet government adopts a positive attitude toward the wishes of the United States government as expressed with the proposal to begin, in this connection, a discussion and settlement of differences existing between us."

Swampy Areas Indicate Greater Supply

City Water Crisis Eased Temporarily

Prospects for a somewhat more adequate water supply to tide the city over during construction of the new pumping station and 24-inch pipeline were revealed today by Waterworks Supt. O. C. Kalbfleisch.

"Areas in, and south of, the Maxwell field's city water supply area, are now swampy for the first time in three years, which indicates that there is more available ground water," he said.

Kalbfleisch said there was no way of determining just how much more water would be available.

"If the next two months are hot and dry, the swampy area might dry up," he explained.

Kalbfleisch also revealed that his department is running a series of tests to determine the maximum capacity of the eight wells in the Maxwell field.

"We are keeping one well out of service at a time and determining its capacity by comparing the total pumpage when all wells are running with pumpage when one particular well is out of service," he said.

"If we find that any of the wells need cleaning, we will take it out of service a day or so and give it a thorough overhaul."

Previously, Kalbfleisch had said that the city was using the total pumpage of all the wells and though some wells did need cleaning, the need for water was so dire that none of the wells could be turned off for even an hour.

He pointed out today that with the addition of the Mansfield Tire and Rubber company well and the installation of a new pump on the Wiles well, which has increased that well's capacity by 250,000 gallons a day, it will be possible to take one well out of service at a time to clean it.

Auto Strike Deadline Set

75,000 Ready To Quit Wednesday

DETROIT—(AP)—The CIO United Auto Workers today set 9 a. m. (EST) Wednesday for a walkout of 75,000 Chrysler corporation employes in the absence of a wage demand settlement.

Meanwhile, government mediators continued talks with company and union negotiators in efforts to head off a strike of workers in 16 plants.

Norman R. Matthews, national UAW-CIO Chrysler director, announced the hour for the strike with only 24 hours remaining to reach an agreement.

Matthews said the union would continue negotiations until 6:30 p. m. (EST) tonight when the UAW representatives must report to the union's 100-man national Chrysler conference.

The conference was called to meet on a "stand-by" basis to receive any Chrysler offer or map strike strategy.

Matthews did not rule out the possibility of further negotiations with Chrysler following the union report tonight to the conference.

Gum In Bad At Ohio Pen

COLUMBUS—(INS)—There was no chewing gum for sale in the Ohio penitentiary commissary today and the sticky stuff was being removed from all packages sent to the pen.

Furthermore, any pen inmate found chewing gum after May 15 will be subject to disciplinary action.

That's the edict laid down by Acting Warden Ralph W. Alvis as the result of the discovery last week that prisoners were impregnating gum with benezedrine and getting a beautiful jag from it.

Canton Will Adopt Fast Time Slowly

CANTON — (INS) — Canton will stay on slow time, possibly until the end of the month, unless fast time advocates can muster three more votes in city council.

Councilmen "reluctantly" approved the switch to daylight saving time last night, 7-6, but a council rule which requires ordinances to be in the hands of the clerk at least a week before they may be read prevented the measure from becoming law.

Eleven votes are needed to suspend the rule, and only Councilman James Zeno joined pro-fast time forces in favor of the suspension.

The ordinance now will get its first reading Monday, and final action may be delayed through separate readings.

Meanwhile, neighboring Massillon city council voted last night at its regular meeting to join other northeastern Ohio cities in moving clocks ahead one hour for the summer months.

Stockhandlers Avert Strike

CHICAGO —(AP)— A threatened strike of 400 CIO stockhandlers at the world's largest stockyards in Chicago was averted last night, four hours before the 12:01 a. m. strike deadline.

Frank Monaghan, president of Local 44 CIO Stockhandlers union, which claims 400 members, said the union had accepted a new contract which provides for a wage increase of six cents an hour.

Monaghan said the pay increases were retroactive to last April 4.

He said the stockhandlers, who load, unload, weigh and drive cattle to and from the pens and chutes within the stockyards, averaged about $1.05 hourly under the old contract.

Court Bars Limited Use Of Property

Upholds Negro Pastor's Right to Residence

WASHINGTON — (AP) — The Supreme court overturned 6-0 Monday an Ohio court decision which limited use of a church property in Columbus, Ohio, to white persons.

This striking down of a "restrictive covenant" on use of property was in line with the court's decisions a week ago. By the same line-up, the justices then ruled that courts could not enforce real estate agreements which barred persons becouse of "race or color."

The Justice department since has said the decision covered covenants based on religious creed as well.

A parallel case was brought from California and by the same 6-0 finding returned for further considerations by the California supreme court. It involved use of houses purchased in Los Angeles by two persons of Chinese and Korean ancestry.

(The high tribunal on May 3 declared state and federal courts may not enforce restrictive real estate agreements which bar persons from use of property because of race or color. Justices Reed, Jackson, and Rutledge took no part in the May 3 decision. They also eliminated themselves from consideration of the two orders issued Monday.)

An Ohio District Court of Appeals declared valid and enforceable an agreement intended to bar non-Caucasians from use of property in the neighborhood of 93 North Ohio avenue.

Residents of the neighborhood had asked the courts to prevent Rev. L. L. Dickerson, Negro pastor of the Monroe Avenue Church of Christ, from occupying a house at 93 North Ohio. The church had bought the residence as a parsonage.

Lower courts held that while non-Caucasians could own the property, they could be restrained under another covenant from occupying it. A court order for Rev. Dickerson to vacate was suspended pending settlement of the litigation.

The church itself is in another neighborhood.

CIO Steel Union Meets

BOSTON —(AP)— After demanding that the country's steelmakers increase their annual production by nearly 10 per cent, the CIO Steelworkers today opened a convention which is due to shape one of the major patterns in 1949 wage demands upon American industry.

The CIO's biggest union—920,000 members—sent 3,200 delegates here.

They were greeted last night by an official report blasting the steel industry as the nation's "real bottleneck" and announcing a union "second front" in politics.

The report, from steelworkers and national CIO President Philip Murray and other union leaders, attacked the steel industry for "phony" production boosts since 1946.

It turned on American business as a whole for what the report called an attempt to "freeze" wages when profits are "fantastic."

"Why does this beer taste so good?"
"It's right from the cypress casks of Goebel"

When we say Goebel Beer is one of the best liked beers in America, it's just to point up one simple fact: folks enjoy the taste of Goebel Beer.

We think you'll enjoy Goebel, too—if you try it. You needn't buy a whole case. A single bottle will tell whether you like the Goebel taste. Our guess is that you'll agree *Goebel makes most other beer second choice!*

Neighborhood Grocery and Meat

Lets make a deal—here is a good substantial business long established and in one of Mansfield's better business districts we estimate stock and fixtures at about $8000 including the following: 1 cash register, 1 candy case; 2 wooden counters; all-stock shelving; 1 fruit and vegetable bin; 1 metal display table, 2 Toledo scales; 1 McCaskey bill file; 1, 10 ft. McCray meat counter, 1 walk in meat cooler, 1 Hobert grinder, 1 meat block, 1 cube steak machine, 1 Hobert slicer, 2 refrigerator compressors; automatic gas heater, meat cutting tools, 1 heavy duty hanging meat scales, 1 platform scales about 3000 stock and other misc. items. Now here is our proposition you can make a cash offer, the price we're asking is $7500, lock stock and barrel or you may use the equity in your present home or your car as part or full payment subject of course to present owners approval. We want to move this property soon as other interest make it imperative we do so. If you want a good paying business step right up we'll be glad to help anyway we can.

ORPHAN ANNIE

WOW! WHAT A NEIGHBORHOOD! IT'S EVEN A LITTLE TOO RICH FOR MY BLOOD... WHY, THERE ARE SMELLS HERE THAT EVEN I'VE NEVER SMELLED BEFORE...
STILL, THE NEXT STREET OVER IS TOO RITZY FOR US... IT'S NOT EVEN A STREET... IT'S AN AVENUE... NO... THAT'S NOT FOR US...
HM-M... THIS ALLEY... JUST HALFWAY BETWEEN... IT LOOKS SORT O' INTERESTIN'... NOT TOO DIRTY, EITHER, AS ALLEYS GO...

MOTLEY, GIVE ME YOUR HAND. I'LL HELP YOU UP.
THAT BARBARIC LITTLE SAVAGE! DON'T LET HER GET AWAY. SHE CAN'T PUSH ME INTO A POOL AND GET AWAY WITH IT!
GEORGE WUNDER
POUF! IT IS AMUSING. THE GLAMOROUS, IRRESISTIBLE 'FEMME FATALE,' WHOSE EYES AND LIPS WOULD LURE A STUPID MALE INTO DOING HER DIRTY WORK, NOW SPUTTERS LIKE RAINED-ON FIREWORKS.
ONE IS REMINDED OF THE RECOMMENDED PROCEDURE FOR DEALING WITH SUSPECTED TIME BOMBS— 'IMMERSE IN WATER UNTIL RENDERED HARMLESS.'

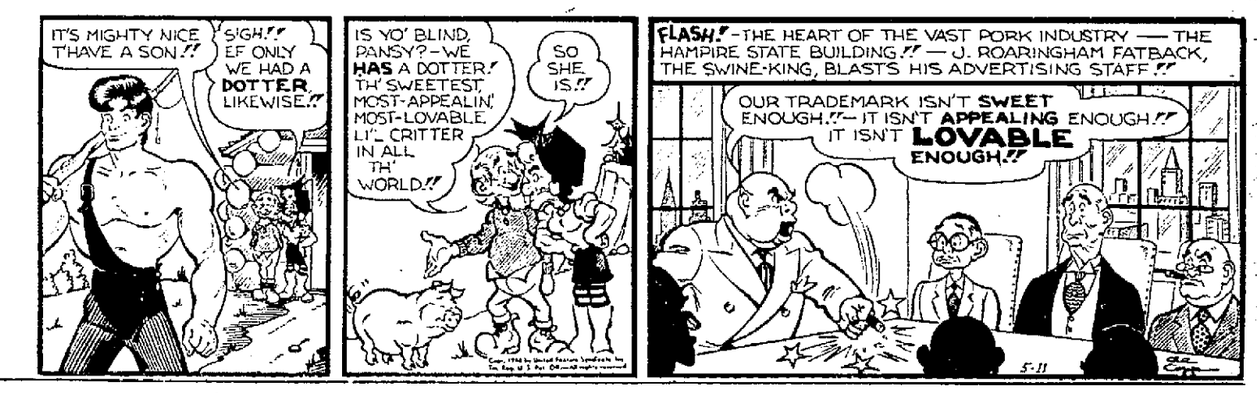
DICK TRACY

BRIER, HONEY, YOUR NEW PIPE FELL OFF THE CHAIR ARM— AND BROKE.
IT DID?
WHO CARES, BABY. WHO CARES? WE'RE IN THE BUCKS. I CAN BUY A DOZEN PIPES, NOW!
Y'KNOW WHAT, BABY? I'M GOIN' TO MAKE THIS GROW! I'M GONNA INVEST IT!
HOW, BRIER?
WHAT DO YOU MEAN?
BOW WOW BOW WOW

GASOLINE ALLEY

SKEEZIX, HAVE YOU THOUGHT OVER THAT PROJECT OF MAKING WALLET & BOBBLE A NATIONAL INSTITUTION?
NOT TOO MUCH, WILMER. IT SOUNDS CRAZY TO ME.
MAYBE, BUT THE MORE I STUDY IT, THE MORE SENSIBLE IT SOUNDS.
WE ARE NOT PROMOTERS. WE HAVE ALL WE CAN DO TO SERVICE OUR OWN COMMUNITY.
BUT THINK HOW MUCH MORE GOOD WE COULD DO WITH A BIGGER FIELD TO WORK IN!
WE COULD ALSO SPREAD OUT SO THIN WE WOULD FALL APART!

LI'L ABNER



IT'S MIGHTY NICE T'HAVE A SON.!!
SIGH.!! EF ONLY WE HAD A DOTTER, LIKEWISE.!!
IS YO' BLIND, PANSY?—WE HAS A DOTTER! TH' SWEETEST, MOST-APPEALIN', MOST-LOVABLE, LI'L CRITTER IN ALL TH' WORLD.!!

RIP KIRBY

KIRBY, I CAN GIVE THAT BABY EVERYTHING.. EDUCATION, CAREER, POSITION, WEALTH... AND WE LOVE HIM AS OUR OWN. WHAT CAN HIS SHOW-GIRL MOTHER GIVE HIM? LIFE IN A THEATRICAL TRUNK.. OR WORSE!
YOU TALK BETTER THAN YOUR MONEY DOES, MR. STARLOCK. I CONFESS YOU ARE MAKING MY DECISION HARD!
MR. STARLOCK, WILL YOU COME AT ONCE? THE BABY SEEMS TO BE WORSE! WE'VE CALLED THE DOCTOR!
A GREATER POWER THAN YOURS OR MINE MAY DECIDE THIS CHILD'S FATE! YOU HAVE SPOKEN OF HONOR... CAN I TRUST YOU TO TAKE NO STEPS UNTIL WE HAVE TALKED AGAIN?
I CAN PROMISE NOTHING EXCEPT MY EARNEST CONSIDERATION OF THE HAPPINESS OF ALL CONCERNED.

YOUR GOVERNMENT, SEÑOR PRESIDENT, HAS BEEN MOST CO-OPERATIVE WITH THE PLANS OF THE INTERNATIONAL ASTRO-PHYSICAL SOCIETY.

AND SHE STILL HASN'T ANSWERED HER GRANDMOTHER'S LETTER. I WISH YOU'D SPEAK TO HER.
OKAY.
I HEAR YOU GOT A NICE LETTER FROM GRANDMOTHER TWO WEEKS AGO.
WEEPS, HAS IT BEEN THAT LONG?
NOW IN MY DAY WHEN I GOT A LETTER FROM MY GRANDMOTHER WHAT DO YOU SUPPOSE WAS THE FIRST THING I USED TO DO?
NATURALLY, FATHER, YOU'D TURN THE ENVELOPE UPSIDE DOWN AND SHAKE IT.

'Dixie Revolt' Leaders Adopt Program Opposing Truman

Final Test Comes After Convention

2,500 Hear South Carolina Governor

JACKSON, Miss. — (INS) — The threat by the states' rights Democrats to bolt the National Democratic party if President Truman is nominated remains to be tested today in the wake of new blasts against his civil rights program.

The final test for the so-called "Dixie revolt" probably will come as a states' rights "rump" meeting set for Birmingham, Ala., on July 17 in the event that Mr. Truman is nominated a week earlier at Philadelphia.

A second Democratic presidential candidate presumably will be nominated then if the national convention fails to heed the demands of the states' rights group representing nine southern states.

This action was taken in a four-hour, cut-and-dried session at Jackson, Miss., yesterday.

Leaders of the so-called "revolt" adopted a three-point program designed to block Mr. Truman's nomination and force the Democratic party to repudiate a civil rights plank in its 1948 platform.

The procedure includes:

1. That the national convention be informed that delegates from states in the circle of states' rights Democrats can not support Mr. Truman or any candidate who advocates the civil rights proposals.

2. That the Birmingham meeting be held if the national convention nominates Mr. Truman, regardless, and approves the civil rights program. Democratic executive committees of each state would select delegates to the Birmingham meeting.

3. That Arkansas Gov. Ben Laney, who was named permanent chairman of the states' rights conference, be empowered to activate a campaign committee.

Some 2,500 persons—less than expected — from nine southern states comprised the crowd which heard South Carolina Gov. J. Strom Thurmond accuse President Truman of stabbing the south in the back.

After Thurmond sounded the keynote of the meeting, other speakers denounced fair employment practice bills, anti-poll tax and anti-lynch legislation and other proposals of the civil rights program.

Observers pointed out, meanwhile, that the meeting was recessed indefinitely without a real test of the states' rights weapons.

Summer's Best Sellers

By DOROTHY ROE
Associated Press Fashion Editor

BUDGET SWANK . . . One of the season's hit parade—a cool, washable print in pink and brown, with bowtied bodice and full skirt.

IN THE dress industry a garment which becomes a best-seller all over the country, sometimes practically overnight, is known as a "runner." Definition of a "runner" is a dress that sells 100,000 copies or more.

Just about now you'll be seeing some of the season's "runners" in the shops dresses that have been elected by popular choice for styling, practicality, fabric and price Most "runners" are priced under $25 sometimes as low as $15

Manufacturers don't always know just why a dress becomes a best-seller. But when it does there is great rejoicing and factories run at all full production turning out enough copies to supply the demand

This year you'll be seeing some pretty, flattering prints in the front ranks of "runners." A number are in the same basic fabric, a tropical texturad "spoven" rayon flat crepe, which has the advantage of coolness, washability and doesn't cling on hot days. The name means that it is partly spun and partly woven

Various manufacturers have used the fabric printed and plain, but you'll find the most successful dresses made of it have several points in common None are extreme in style, though they are in the graceful feminine mood of the season; all are wearable, becoming, and many - purposed. They suit the budget of thrifty shoppers and fill the bill for the woman who wants to buy just one new dress for summer, to wear to the bridge club, or church or luncheon.

Two of this season's "runners" are pictured here—cool, pretty, inexpensive prints that can go anywhere all summer.

PIN-MONEY CHARM . . . Top junior fashion of tropical weave rayon in brown and white stereopticon print—under $23.

Central Church Has Annual Mother and Daughter Party

APPROXIMATELY 200 mothers and daughters of Central Methodist church gathered Monday evening in the church for their annual party.

The welcome was extended by Miss Nancy Bair and Mrs. Wayne Miller gave the response.

The guest speaker was Miss Bertha Ruess whose subject was "The Responsibilities of Motherhood". She mentioned the mothers of several famous persons through the ages and told of their responsibilities and she emphasized the life of Mary, the mother of Jesus.

Corsages were presented to the mothers as they entered the church. They were made by Mrs. Stanley Harper, general chairman, and her committee. The decorations were arranged by Mrs. Harold Brenner and Mrs. P. P. Hilligoss and Mrs. Gaylord Miller was chairman of the refreshment committee.

Following Miss Ruess on the program was a group of vocal numbers by Miss Nadine Nixon who was accompanied at the piano by Mrs. H. D. Bishop.

Violin and cello duets were presented by the Misses Martha Jane and Mary Elizabeth Ewing. They were accompanied by their mother, Mrs. C. F. Ewing.

Recognition was given to the oldest mother present, Mrs. Alice Jones, 90, and to the youngest mother, Mrs Doris Pohl. A gift was presented to each by Mrs. E. Ray Jenkins, president of the Woman's Society of Christian Service of the church.

Four generations of one family were represented by Mrs. J. H. Weaver, Mrs. C. F. Weaver, Mrs. Robert Bair and Miss Linda Bair. Eight other families were represented by three generations at the party.

Amvetettes Win Honors In Campaign

Outstanding committee reports were given at Monday night's meeting of the Amvet auxiliary at the club house. Mrs. John Catlett, president, conducted the business meeting.

Letters and telegrams of congratulations to the group for winning the state and Division No. 3 national membership contests were read. The messages included those from Mrs. Catherine Snyder, national auxiliary president, and Mrs. Adeline Fogg, national senior vice-president.

As a result of the recent campaign the Mansfield group remains the largest auxiliary in the state and Ohio ranks fourth in membership in the United States.

The awards for the contest will be presented at the Amvet national convention to be held in Chicago during the month of August.

Plans were made for a rummage sale to be conducted by the auxiliary May 28 and 29.

The next meeting will be a social one at the club May 24. Dorothy Shay, better known as the "Park Avenue Hill Billy," is expected to be a guest of the auxiliary at that time and she will perform for the group.

League of Women Voters To Support Education Bill

RECONSIDERING earlier action, the League of Women Voters of the United States has given its support to the federal aid-to-education bill passed by the senate of the United States, and now in committee in the house of representatives, it has been announced by Miss Anna Lord Strauss, national president.

Among the other national women's organization which have been supporting the bills for some time are the American Association of University Women, the American Home Economics Association, the American Legion Auxiliary, Delta Kappa Gamma, the General Federation of Women's Clubs, the National Council of Jewish Women, the National Federation of Business and Professional Women's Clubs, the National Women's Trade Union League of America, Quota Club International, Inc., the Associated Women of the American Farm Bureau Federation, the Women's Division of Christian Service of the Board of Missions and Church, and Altrusa International, District No. 2.

In announcing the decision of the League of Women Voters, Miss Strauss said that the league had felt that the $5 per pupil "flat grant" provision of the legislation was undesirable, but that the national board reconsidered the question in view of the "legislative situation and the increasing evidence of member interest in these bills." The league has been in favor of the steps taken under the bill to equalize educational opportunities in the nation, it was pointed out.

Senate bill S-472, passed by the Senate on April 1, with a vote of 58-22, and House bill HR-2953, now in committee, provide for distribution of $300,000,000 on the basis of a $5 flat grant for each pupil between the ages of 5 and 17 in a state, and principally, for grants to enable each state to spend a minimum of $50 per pupil per year.

In taking its action, the League of Women Voters, Miss Strauss said, urged all its membership to communicate their support of the legislation to their representatives in Congress

The only trouble with this bill to reduce the cost of oleomargarine is that after it has passed the department of agriculture will probably decide to seek a subsidy to keep butter prices up where they are now.

If you wait to enjoy life until after you have everything else taken care of, you'll probably wind up with nothing to enjoy but old age.

Uproar Proves Labor Court Need

ALTHOUGH TRAINS are running today, the rail crisis is not settled. An immediate tragedy has been averted. To use some of the words of Justice T. Alan Goldsborough, the mails have not been obstructed, nor the national health and safety imperiled, nor irreparable injury caused to the nation.

However, the railway unions have bowed to a temporary restraining order. This injunction expires eight days from today. On May 19 the unions will have a chance to contest the government's demand for a longer ban against the strike.

It is sincerely hoped and it is also quite possible that the intervening days will see a settlement of the issues which brought on the crisis. Yet at this moment there is no absolute assurance that the strike threat will not break out in a new rash a week or so hence.

Even if the issues are settled, as hoped, the public will have a right to ask: cannot some way be devised to bring about agreements between labor and management in industries vital to the public welfare without the creation of recurrent national uproar? Must the dignity of the United States government be put at stake every few months to resolve industrial disputes?

The ultimate authority of the government seems now to have proven itself thoroughly, in the cases of the miners and the railroads. But certainly there is a way for this established authority to exert itself without frequent renewal of nationwide disturbance.

Congress might well consider the establishing of labor courts, invested with the full power of the government, to hear evidence and weigh issues in industrial disputes and clothed with the right to hand down final decisions. Justice might then be obtained for both sides without placing the public welfare in repeated jeopardy.

Remarkable Vote on Air Power

THERE is something quite remarkable in the virtually unanimous votes in congress for the 70-group air force, 74 to two in the senate and 343 to three in the house. Such unanimity on any but routine matters is achieved in congress rarely indeed.

Under the circumstances it does not appear impertinent to ask who performed the job of super-salesmanship which brought about this overwhelming favor for air power. Was it the lobby of the air force? Or was it the lobby of the aircraft industry?

An aura of magic somehow has become attached to the 70-group air arm, for which the air force has been campaigning diligently ever since the end of the shooting in the recent war. Apparently it has been accepted by some as a panacea to halt aggression in its tracks, to dissolve the need for manpower for the army and navy, to consign universal military training to oblivion, to make America invincible. It is the magic of the idea: World's Greatest Air Force.

The manpower deficiencies of the services have not been dissolved. In March the shortages were, on the basis of presently authorized strength, 160,000 men for the navy, 117,000 for the army, 42,000 for the air force (before expansion) and 20,000 for the marine corps. The need for a universal training program has not been changed. This is not a day to trust in magic.

Committee Viewpoint on Oleo

THE BILL to repeal federal taxes on margarine and lift some of the restrictions on sale of the product, now in process in the senate, could have been referred to either of two committees. One was the Agriculture committee, because it is a bill dealing with a product of agricultural origin, and the other was the Finance committee, because it is a bill dealing with taxes.

The senate voted to send the bill to the Finance committee, and this is regarded as an indication of favor for the bill. In the senate Agriculture committee it would have been vulnerable to manipulation by the dairy interests, which might have managed to get it into a pigeonhole, just as the house Agriculture committee did, albeit unsuccessfully.

It is thought the Finance committee probably will report the measure out for action on the floor. The incident serves to illustrate how point of view affects legislation in congress. As an agricultural measure the margarine tax repealer probably would have been smothered in committee; as a tax-cut bill it seems to have a chance to pass.

Grading Ordinance Needed

MANSFIELD needs a restaurant grading ordinance based upon U. S. Public Health Service standards. Classification of local restaurants according to basic national requirements would insure cleanliness of kitchens and serving rooms. It would mean protection from the possibility of food being handled by diseased persons. The latter, of course, is unlawful now but a grading ordinance would help insure that the law is being observed.

It is definitely the task of the city health department to supervise the preparation of such an ordinance. The health department, too, should sponsor it before city council.

Years ago the city adopted a similar ordinance governing the quality and sanitary handling of milk. It has proved entirely advantageous. Mansfielders have benefited by it, assuredly. The incidence of milk-carried diseases has been low.

The health department should lose no time in sponsoring a restaurant grading ordinance and council should pass it.

The Crash Has Been Temporarily Averted

DeWitt Mackenzie's Column

It's Time To Face World Split

IS THERE any possibility of cooperation between Russia and the democracies—within the United Nations or outside it?

That's the big question of the day, and yet it's one which a lot of peace-loving folk are trying to duck. They're attempting to evade the issue because they can't figure out the answer which they so deeply desire, namely "yes."

However, British Foreign Secretary Bevin, whose bluntness sometimes carries him close to indiscretion, has given a categorical answer to the House of Commons. Without trying to balance the feather on his nose, Bevin declared that so long as Russian policy aims at spreading the communist ideology there is little chance of reaching a lasting settlement.

"As long as this continues," said Bevin, "the world will be kept in turmoil, because the characteristics, the philosophy and the conception of life of the rest of the world will not permit us to indulge in compromises which are intended to achieve the objectives of communism."

That strikes me as being correct, and it's the fundamental fact with which we have to deal.

There can be no real cooperation so long as the communist general for world revolution, with headquarters in Belgrade, continues to spread the redism by intrigue and force in unwilling countries—Czechoslovakia and Poland, for example. As a matter of fact there is nothing new in this situation. It has existed ever since the Bolshevism revolution of 1917 when the Soviet government was established.

It was because of Bolshevist efforts to communize the United States and that we didn't recognize the Soviet union until 1933, and then only after promises that red propaganda would cease. Britain waged a continuous battle against communist spies and fifth columnists after recognizing Moscow in 1921. London broke diplomatic relations with Russia in 1927 and didn't resume them until 1929.

* * *

HOPE FOR A HALT

So the only change there is in the situation is that the Muscovites have intensified their world revolution to the point of waging a "cold war" which is dangerously close to a hot one.

Obviously there is no possibility of friendly relations so long as that continues. Unless we are rash enough to believe that the leopard will change its spots, the best we can hope for is to halt the Bolshevism revolution where it now is. As this column has pointed out before, that would mean the division of our unhappy globe into "two worlds" Bolshevist and Democratic.

However, it would be possible for these two blocs to live side by side without going to war, so long as the Bolshevists confined their efforts to consolidation of the already great gains achieved by aggression. The democracies aren't going to war over what communism already has absorbed; they might fight over another "rape of Czechoslovakia."

All this being so, the course of wisdom would seem to be to recognize the existence of the two blocs and frame our policies accordingly.

Washington Calling

Shadow of Police State

By MARQUIS CHILDS

WASHINGTON — That shadow across the sky, if you are at all interested, is the shadow of the police state. It is growing darker as the suspicious men on Capitol Hill let their fears and the prejudices spur them on.

The latest move originates with Rep. Clare Hoffman of Michigan, whose prejudice-suspicion rating is as high as any in the house. Under a bill introduced by Hoffman, anyone divulging confidential information from a committee of congress could be put in jail for a year and fined $1,000.

Quickly the House rules committee gave this strange measure a green light. The little group of men on the rules committee, who sit at the toll gate telling the House what it can and cannot consider, shut the gate on many important legislative matters. But this they voted worthy of admission.

Faces were red when it was realized that the Hoffman bill would cover newspaper men as well as congressmen and committee aides. Reddest face of all was that of Rep. Clarence Brown of Ohio, a member of the rules committee, who is a newspaper publisher. He says he will amend the bill on the floor to exempt newspaper men from its provisions.

* * *

A Long, Wrong Step

Those who think that this will remove the threat to freedom inherent in the bill are incurable optimists. To apply criminal penalties to anyone in this connection is to take a long step toward the police state.

It is important to look at the motivation for this newest move President Truman has refused to give to the UN-American Activities committee the loyalty file on Dr. Edward Condon of the Bureau of Standards. Basing his refusal on a long series of precedents, the president holds that it is the prerogative of the executive department to withhold confidential papers pertaining to the work of that department.

But another element is involved. The department of commerce carefully surveyed the charges brought against Condon. Using the machinery authorized under the president's loyalty order, the department found that Condon was loyal Part of the evidence considered was a letter from J. Edgar Hoover giving the FBI finding on Condon.

To turn the Condon file over to a committee of congress would violate the terms of the loyalty test as defined by the White House. There is the risk that the material, which contains hearsay reports, rumors and gossip, would become public.

In order to lessen that risk, Rep. Hoffman proposes to apply criminal penalties to those "leaking" confidential information. It is precisely in this way that the encroachments of the police state grow and multiply. One step leads to another step, as in this instance.

The question of the freedom of newspaper reporters to report information is in a sense irrelevant. The tradition of a free press, backed by the very great power of the American press, insures the elimination of any threat to free reporting insofar as the present move is concerned.

But to violate a fundamental canon of freedom in order to punish a few offenders is the equivalent of burning down the house to destroy a few rats. When our freedom is gone, it will be too late to study the way in which, step by step, it was taken from us.

Revamp the UN?

The wary and cautious among us—including those who still retain a modicum of hope that all is not lost in today's uncertain world—will be inclined to go along with Secretary Marshall in delaying any radical revamp of the United Nations at this point and especially in waiting a while before modifying too drastically the use of the big-nation veto by members of the UN.—Columbus Dispatch.

Competition Behind Rail Crisis

By DREW PEARSON

THINGS TO KNOW ABOUT THE RAILROAD CRISIS—Competition has had a lot to do backstage with the railroad crisis. First, there has been prestige competition between railroad labor and John L. Lewis's miners. Railroad labor used to be tops on the pay scale, now Lewis's bludgeoning tactics have made the miners first . . .

Second, there is competition between the railroad brotherhoods—naturally to get higher wage boosts. Ordinarily Alvanley Johnston, head of the engineers, sticks with Al Whitney, head of the trainmen, who did not threaten to strike.

But if the Firemen and Enginemen's brotherhood gets a higher wage boost than Johnston's Engineers, he is likely to lose members . . . Engineers rise in the ranks from firemen and enginemen and frequently remain in that union instead of transferring to Johnston's Brotherhood of Engineers—thus the competition is keen . . .

Third, there is the question of railroad competition with airlines, buses, trucks, etc. If the railroads raise their rates too high, they lose traffic to other means of transportation which in the long run reacts against railroad labor.

Only one rail strike has occurred since the Railway Labor Act was passed in 1926. This was in 1946 when Whitney's trainmen and Johnston's engineers struck for 48 hours. The Railway Labor Act calls for wage recommendations by the National Mediation Board and following this a 6-day cooling off period . . . Both the brotherhoods and railroad executives have taken pride in their record of settling their own disputes better than any other major industry . . . A total of 125,000 engineers, firemen, and switchmen seek a wage increase of 37.5 cents an hour.

The Mediation Board has recommended 15.5 cents.

The conductors and trainmen last November accepted the 15.5 cents an hour wage boost, plus four changes in working conditions which added an estimated $10,650,000 a year to railroad operating costs. The other three brotherhoods rejected this compromise. Meanwhile nonoperating brotherhoods—clerks, telegraphers, car inspectors and machinists—also got a 15.5 cents an hour boost last September, but now are asking a new increase of 25 cents an hour plus a shorter working week.

Railroad executives feel that any compromise with the three unions now beyond a 15.5 cents bost an hour will open a new round of wage increases to all other brotherhoods.

Truman's Sore Spot.

PRESIDENT TRUMAN has become so touchy about his own renomination that it even enters into job appointments pertaining to the distant islands of the South Pacific.

Sometime ago the state department selected two men to serve as U. S. representatives on the new South Pacific commission and to work with Australia, France, England and other countries in helping the war-torn Pacific Islanders. The two men were Paul Smith, editor of the San Francisco Chronicle, a Republican; and Richard Wells, New York attorney, a Democrat. Both are able, conscientious citizens, Smith having fought all over the South Pacific.

The state department thought it had made a good selection. However, it reckoned without President Truman and his friend, the ebullient Ed Pauley, who made $1,000,000 gambling on the commodity market while working for the government. Just as Brig. Gen. Wallace Graham, the White House doctor, continues close to Truman despite his commodity gambling, so Pauley also ambles in and out of the White House whenever he wishes.

So when Pauley heard that Paul Smith was to be appointed to the South Pacific commission, he called on Truman, told him that Smith's San Francisco Chronicle had opposed his (Pauley's) appointment to be undersecretary of the navy, and demanded that Smith be vetoed.

Simultaneously the state department began to get intimations from the White House that Truman didn't like the Democratic commissioner, Richard Wells.

* * *

The Touchy White House.

At the state department's suggestion, Wells had played down the fact that he had such rock-bottom Democrats behind him as Congressmen Carl Vinson of Georgia and Pat Drewery of Virginia. Instead he listed as his chief backer a former assistant secretary of state, Adolf Berle. Berle, once a strong Truman man, more recently joined the [illegible]velt boys (and a few million other people) in hoping Truman would not run for re-election.

Suddenly, therefore the state department phoned Wells, asked whether he shared Berle's views about Truman. Was he likely to come out against Truman? And what were [illegible]s exact relations with Berle? The White House, it was explained, was touchy on the subject.

Wells, who is not an intimate of Berle's answered all this to the satisfaction of the state department, and was told to get his passport, typhoid inoculation and be ready to leave San Francisco for Sydney, Australia, on May 8.

Meanwhile a strange silence settled over the White House. The state department could get no commissions of appointment for either Wells or Smith. Appointment to the South Pacific commission pays no salary. To serve is an act of pure patriotism. Yet the state department could not get Mr. Truman's OK.

* * *

Jobs For Friends.

Finally, Undersecretary Lovett went to the White House, reminded the President that the two commissioners had to be in Australia by May 11.

Next day a luncheon guest at the White House was Judge Sam Rosenman, now acting as Truman's unofficial brain-truster. Testily, Truman remarked that he had the papers on his desk making Paul Smith and Richard Wells South Pacific commissioners. Smith, he said, was out because he was no friend of Ed Pauley's. Wells, he added, was a friend of Adolf Berle's.

Then the President proceeded to launch into a tirade against that so-and-so Berle. "I am not," he declared, "going to throw any bones to the Berle boys." And he asked Sam if he knew a good man to serve on the South Pacific commission instead.

Rosenman replied that at the moment he didn't, but later submitted the name of his law partner, Milton Shalleck. Milton had been appointed Judge Rosenman's law clerk at the instance of Jimmy Hines, the jailed Tammany leader who had given Rosenman his start as Bill-Drafting commissioner in the New York legislature.

So Milton Shalleck is now en route to the South Pacific. With him as co-commissioner, is Felix Keesing, an anthropology professor of Stanford university. Anthropology doesn't happen to enter into the economic and social problems of the South Pacific. But much more important is the fact that Keesing is a friend of Pauley's.

Queried by the New York Times just after his appointment, Shalleck said he had never been to the Pacific, knew nothing about the Pacific, had no interest in the Pacific. However, he is for the renomination of Harry Truman.

Assignment: America

Stassen Aid For Truman

By KENNETH L. DIXON

WASHINGTON—Sometimes the involved intrigue of high-level political planning gets so confused that an ordinary mortal is hard put to figure out what it really means.

Partisan claims during the current presidential campaigning certainly are no exceptions!

Typical example has been the reaction in democratic ranks to the growing popularity of Republican aspirant Harold E. Stassen.

During the past week-end, various widely-published public opinion polls showed Stassen far out in front of President Harry Truman in the latest straw voting across the country.

One national poll showed that 56 per cent of the people questioned said they would vote for Stassen if the election were held right now. Only 33 per cent said they would vote for Truman.

However, in the Democratic camp here in Washington, the reaction to such news was of official joy, rather than sadness—and if they were merely whistling past the graveyard, they were doing an excellent and convincing job of it.

One headquarters worker, noted for taking his hair down in conversations with former newspaper pals, insisted it was quite a sincere reaction.

* * *

Here's How It Goes.

"It's easy to understand," he told this correspondent. "Actually the more popular Stassen gets across the country, the likelier Truman is to get elected. Everybody at the office feels that way."

Then he explained:

"The reason is quite simple," he insisted. "Stassen is going to get the rug pulled out from him at the convention—and just plain resentment will swing a lot of his following over to Truman in the fall.

He pointed out that, despite his popularity in current polls and showing in recent primaries, the gambling odds along the east coast still stand at better than two to one against Stassen getting the Republican nod at Philadelphia.

"The Republicans simply do not want a man like Stassen," he said, "particularly now that they think they're coming back into power after all these years. He's too liberal and too unpredictable for the party bosses. And it's no secret that some of the big GOP financial backers have said that they'd rather see Truman reelected than to see Stassen heading their party.

"And since plenty of them still feel certain that they can win with anybody this year, you know what's going to happen."

He claimed that, despite protests to the contrary, Democratic "counter-espionage" reports to headquarters outlined a definite stop-Stassen move within Old Guard Republican ranks. This has grown stronger, rather than weaker, during recent weeks, he said.

"At first, as you know, they didn't take his candidacy seriously," he continued. "But now they're being forced to. And in spite of everything they say, Taft and Dewey will combine forces to beat him, if necessary. Both of them hate him with a passion that's personal as well as political, and in the long run they'll play together to beat him, if necessary."

He insisted that the result would be a concentrated campaign to stop Stassen at Philadelphia—regardless of who else is nominated.

He paused and grinned.

"So, you see," he concluded, "the more popular he gets the better we like it. All we hope is that, come convention time, Stassen is the most popular candidate in the country. Then, when the Republican big shots nominate somebody else, a lot of the party rank-and-file across the country is going to be so mad at the bosses that it will vote Democratic.

"And that in-between balance-of-power vote will swing to Truman, out of pure resentment—watch and see!"

Okay, okay. I'll watch and see—but it's still all very confusing.

Farmer's Diary

Hunting For Mushrooms

By CALVIN A. BYERS

BACK country roads have many bad washouts this spring. Honey Creek is formed by the junction of two spring-fed brooks that wind across neighboring farms. At the same time that the Clearfork went out of its banks and stood 3 to 5 feet deep over Route 13, our own little stream tore a deep wide gash beside the cement abutments of the nearest bridge. Water came up into cellars, and gushed from springs that seeped up through the lawns.

Along the short-cut that passes the country church on the hill a mighty "slide" made the earth tremble and the foundations of the building gave way.

People stood aghast along the river and watched their belongings swept away. A score of newly pared locust posts—a dozen Leghorn hens on top of a pitching roof comb, a young boy's cap with the letters F.F.A. in purple and white; a shed with squealing pigs inside.

The muddy water roared and foamed, carrying away the topsoil of all this section. Only on those farms where sod or trees held the rain enmeshed, was the damage less. Fortunately, more and more farms are becoming strip-farmed and terraced, in this locality. And sod waterways are the common means of lessening run-off in cultivated fields.

* * *

WE HAD a mess of mushrooms—just one, this season. After a summery warmth and a dripping wet day, the children scattered over the slope and came back with a heaped up piepan full.

Every effort to repeat the treat has, so far, failed. The chilly night hours have seemed to stop the growth of the luscious fungi.

These sponge mushrooms are the kind that look like small sponges with pointed tops. They spring up, from spores, in a few hours, if conditions are right. Nobody has ever learned how to grow them commercially. Their streaked yellow tan tops blend into the leafy woods floor making them hard to find.

We like ours fried in butter—with steak, or without.

Mushroom hunting is a favorite sport at this time of year. City people flock through the hills on Sunday afternoons—looking mostly in the wrong spots, but it gives them a lovely outing. There are two varieties of mushrooms on our place—one is creamy yellow, the other tipped with black. To find these odd, succulent bites in the dripping warm woods and bring them home—pausing for a long look at the valley from the hilltop—pausing for a sprig of pink bloom from the thornapple tree — pausing to hear the meadowlark trill and the robin sing—is one of the rare May pleasures.

Sawyer Favors Cutting Government Control

WASHINGTON —(UP)— Secretary of Commerce Charles Sawyer told his first news conference Monday that "in a general way, my feeling is the less the government controls—of inflation or anything else—the better."

SAWYER

He would not comment directly on President Truman's long-pending proposed 10-point anti-inflation program. Sawyer said he had not had a chance to consider it carefully.

But he added that it was "obvious" that if government controls are needed, they should be provided

The President's program, sent to Congress six months ago, asked for stand-by wage and price controls, plus selective rationing authority. It has not been enacted

PROTECT ECONOMY

Sawyer, a Cincinnati lawyer who served as ambassador to Belgium in 1944, said his new job will be to "protect the American economy."

He succeeded W Averell Harriman as commerce secretary when Harriman became roving ambassador for the recovery program

Sawyer said he has no isolationist leanings but does have "a very definite feeling that perhaps in our very proper and generous desires to help other nations we may not give enough attention to our own"

"If this great capitalistic country doesn't demonstrate its ability to survive and demonstrate that it can make democracy work any other efforts would be useless," he said

MUCH THOUGHT

Sawyer said that the commerce department has an "independent" job to protect American business, which continues regardless of other international programs

"I have given a great deal of thought to the problem of exports controls," he said.

"They are vital to the European recovery program and our own domestic economy Mr Harriman is setting out to restore the economy of Europe—I will try to maintain the economy of the United States"

Sonny Boy's Now Headed For Slaughter

Tiny Farm Wife Bests Bull In Fight

MATAMORA, Ill —(U P)—Sonny Boy, a 1,500-pound registered Brown Swiss bull, goes to market for slaughter today because he lost a two-hour battle with a 100-pound farm wife

The events leading to Sonny Boy's last trip started when he attacked his master, Charles C. Jaggers, 38, on the Jaggers' farm west of here.

He rolled and shoved the farmer for 100 yards and finally tossed him into a creek bed with his right leg and wrist broken

Then Mrs. Erma Jaggers, 39 who stands five feet tall when wearing shoes, saw from her kitchen window what was happening. The bull by that time was pawing the ground again, preparing to follow up his attack

★

Mrs. Jaggers went into action.

She ran from the house directly at the bull grabbed him by the nose ring, and flung herself to the ground The pain of her weight on his nose pulled the bull's head down

From then until 2 15 p. m., Mrs. Jaggers clung to the ring as the bull dragged, pulled and yanked her around the field. Sometimes she managed to twist the ring hard enough to force the bull to the ground

Jaggers meanwhile dragged himself down the creek bed despite his broken arm and leg to a point where he could yell to neighbors for help

★

The neighbors Mrs Willard Robinson Herman Noel and Pete Sandel, rushed to the Jaggers farm with a rifle

The rescuers found that they could not fire at the bull for fear of hitting Mrs Jaggers She clung to the ring and they ran a rope through it and tied the bull to a tractor

They found that Mrs Jaggers had clasped the ring so long that her cramped hands would not let loose immediately They had to massage them to restore circulation so that she could loose her grip.

Using the tractor, they led and herded Sonny Boy back to his box stall in the barn

Jaggers was recovering at a Peoria hospital today Mrs Jaggers was recovering from shock and severe bruises at her home

She said that Sonny Boy would be sent to market as fast as possible

'I might not be able to whip him the next time," she said

Cotton King In Memphis

MEMPHIS, Tenn —There's National Be-Kind-to-Animals week, National Cherry Eating week, National Bible-Reading week, national this and that week But the one that leaves mid-southerners weak in the knees—and they love it—comes up May 9-16 That's cotton carnival week suh'

New Orleans can have its Mardis Gras, Pasadena its Tournament of Roses, Omaha its Frontier Celebrations But this Cotton Carnival—that's something else It's a fixture in the lives of everyone in the area—from the families who actually pick the cotton in the hot fields to those who operate the world's largest spot cotton market in Memphis.

Cotton means money. So cotton is king—and during carnival week they all pay homage to the king as no other section does to its bread-and-butter product. The whole affair is like a revolving stage—like a grand show with everything from vaudeville to opera tossed in.

There's a bit of the old time carnival down along Memphis' once rowdy riverfront There's street dances and gay parades galore. Beals St —where Negro musician W. C Handy gave birth to the blues—chimes in with its own idea of carnival week. They call it "the Cotton-Makers Jubilee" The famous street is the scene of a jazzed-up parade and a new dance is usually created for the occasion.

Frankfurter Joins In Fight Against Collusion of Justice

WITHOUT PREJUDICE, I find Felix Frankfurter on my side against collusion by the department of justice in cases involving political proteges of the Democratic party.

In brief review, I have plainly set forth reasons to believe that the department refrained from doing its best in the enforcement of laws against unions and unioneers. Such defendants are political partners in crime of the department, brigands licensed by the party in power to rob and extort, on percentage agreement.

Accustomed to standing alone I was neither comforted nor angry at an intrusion when Frankfurter kicked up a nasty public row in the supreme court hearing on that portion of the Taft-Hartley law which forbids unions to spend slush funds to corrupt elections.

I called that one, defying a threat of contempt. I was no more right for Frankfurter's joining me than I was when I stood alone challenging the department's conduct of the case and despising the opinion of Judge Ben Moore.

★

I wish, however, that since Frankfurter did concur in my suspicions and started to say something aloud he had had the courage to say it through and damn the gavel that stopped him.

By permitting Chief Justice Vinson to choke him off, Justice Frankfurter left the country to its suspicions. He seemed to imply that the department of justice acted in collusion with the defendant C.I.O. and its president, Philip Murray, in rushing the case to the supreme court for a showdown.

That was what they would have desired. He seemed to me to imply, further, that he anticipated an arbitrary political decision by the supreme court in favor of the defendants. So do I.

Speed was important so that the C.I.O. could confidently throw millions into the presidential and congressional campaigns. The law itself became the defendant in place of the C.I.O. and Murray. Friendless before the court, defended by its political enemy, the Taft-Hartley act had little chance.

★

Not all citizens are naive enough to believe that this judge was innocently plucked from Charleston, W. Va., by the personal selection of Chief Justice Vinson to come to Washington for a spell of lawing and the incidental pleasures of the ego which the capital affords. Mr. Vinson knew this man. Let him who will believe that the case fell to Judge Moore by the luck of the draw.

The country can't know, by his unfinished blurt, to what length Frankfurter might have gone, sore as he was. We are told that he said from the bench that the C.I.O. had "the utmost co-operation from the government."

He may have referred to the government's own admission in the trial that the section under attack was, indeed, unconstitutional but justifiably so.

For why should the government pay lawyers to plead guilty of violating the constitution in defense of a client so charged?

Mr. Vinson's personal alarm and his suppression of the discussion almost by physical force is easily understood. To suppress the facts, some of which would have implicated him in the farce, he choked off Frankfurter's questions in precise compliance with a rule of the court, which the court itself could waive at will in pursuit of information. He thought the record showed all the information it should. A little more and he would have been on the stand himself explaining why he picked Judge Moore.

Official Count Shows Few Changes

Democrats Top GOP In County Balloting

A total of 10,126 Richland county voters, 5,226 Democrats and 4,900 Republicans, went to the polls in last Tuesday's primary, the official count showed today. That figure is 47 more than the unofficial count of 10,079.

The official count showed that in Mansfield, 3,209 Democrats and 2,804 Republicans voted while outside Mansfield there were 2,096 Republican and 2,017 Democratic votes cast. The official vote tabulation did not change appreciably for most candidates.

The official vote for Democratic candidates follows with no changes unless indicated:

Dill, for county commissioner, 2,298, down 10; Guy Stewart, for county commissioner, 3,339, down 10; Harold Lutz, for prosecutor, 3,836; Howard Wenning, clerk of courts, 3,617; E. P. Rusk, county engineer, 3,884, down two.

Republican primary winners and votes received, with changes, if any, indicated, include:

Prosecutor Theodore Lutz, 3,963; Edward R. Friday, 3,529, up eight; C. H. Chatlain, for sheriff, 2,431, same, but vote for runner-up, Charles J. Pittenger, officially went to 1,295, up six; H. R. Barnes, for recorder, 3,480.

The vote for Congressman J. Harry McGregor, Republican, remained at 4,228 while that of his Democratic opponent in the general election, Robert W. Levering, Mt. Vernon attorney, came to 3,525, up 11.

HEAD ARMY RAIL OPERATIONS—Army Secretary Kenneth Royall (left) and Maj. Gen. Edmond H. Leavey, army transportation chief, hold a conference in Washington after the army seized the nation's railroads under President Truman's orders. Royall placed Leavey in charge of operating railroads during strike crisis.

Build Leadership, Area Foremen Urged

American industry must build its leadership, create new markets and streamline sales if it wants to improve conditions within its own structure, members of the Mansfield-Shelby Foremen's club were told last night.

Approximately 170 area foremen attended the club's final dinner meeting of the season at the Mansfield-Leland hotel. The speaker was Capt. A. A. Nichoson, New York, assistant to the vice president of the Texas company.

"Leadership is obtained through salesmanship of understanding, and familiarism which will build fellowship and new leaders for tomorrow," Nichoson said.

"We are facing the largest building problem since the erection of the pyramids, and only by building better people will we have better organizations, better profits and better industrial products.

"People, the workers in industry today, want benefits according to their measure, knowledge, understanding, freedom and happiness. This will enable them to obtain strong moral leadership, free enterprise and American industry.

URGES BETTER RELATIONS

"The basic task in America today is to build good relationship, but if we fail it will be because we lack courage, character and understanding of the job before us," he said.

James Root of the Fate-Root-Heath company, Plymouth, was elected president of the club last night, succeeding Herman Clingan of the Tappan Stove company.

Other officers are: Lowell Moore, Mansfield Tire and Rubber company, vice president; R. M. Myers, Westinghouse, secretary; Gilbert Oswalt, Tappan Stove company, treasurer, and Ray Ryland, Neal Shepherd, H. O. Hoffman, C. A. Davies and R. F. Steinebrey, members of the board of control.

Quits Two Pastorates At Lucas

Buchholtz to Accept Charge Near Toledo

LUCAS—Resignation of Rev. Paul Buchholtz as pastor of St. Paul's Lutheran church in Lucas and the Pleasant Valley Lutheran church, was accepted last night at a joint meeting of the two church councils.

Called to the pastorate of St. Luke's Yondota parish, 10 miles east of Toledo, Rev. Buchholtz agreed not to leave the Lucas charge until his successor is employed. Congregations of the two churches will act on the resignation Sunday, May 23.

Rev. Buchholtz came to the Lucas parish 15 months ago after long service as a navy chaplain in the South Pacific area. He formerly served one pastorate at Orrville following his graduation from Wittenberg College and the Hamma Divinity School at Springfield.

Three members of the Buchholtz family are in the Lutheran ministry. His father, Rev. W. E. Buchholtz D. D., is pastor of a Roseville, Ohio, charge and his brother, Rev. Luther Buchholtz, is pastor of the Bellville Lutheran church.

Rites Set Thursday

Schwier Services To Be Held Here

Funeral services for Carl Schwier, 50, 190 Rowland avenue, who died unexpectedly Monday in New York City, will be held Thursday at 1:30 p. m. at the Finefrock funeral home. Rev. Carveth P. Mitchell will officiate. Burial will be in Mansfield cemetery.

Mr. Schwier died while on a business trip to New York in the interests of the Sun Glow Industries. He collapsed at the entrance to the Hudson and Manhattan tube and died within a few minutes.

Later, positive identification was made through Frank Maher, of New York City, salesmanager of that area for the Sun Glow Industries, according to John Workman, official of the company here.

Mr. Schwier was vice president and general manager of Sun Glow Industries.

While Mr. Schwier had been under a physician's care for a number of years, he was apparently in good health when he left Mansfield for the east.

He was born in Mansfield May 7, 1898 and had lived here his entire life. He was graduated from Western Reserve university and Case School of Applied Science with a degree in chemical engineering.

Following graduation, Mr. Schwier became affiliated with the Mansfield Vitreous Enameling company, where he remained until 1928. Then he joined the executive staff of Sun Glow.

Mr. Schwier was a member of the First Lutheran church, Venus lodge, No. 152, F. and A. M., Mansfield Chapter, No. 28, RAM, and Mansfield Commandery No. 21, Knights Templar.

He was a member of the Mansfield Mastersingers and at one time had been tenor soloist of the First Congregational church.

He is survived by his wife, Leola Sowash Schwier, whom he married Sept. 6, 1924; his mother, Mrs. Katherine Schwier of Mansfield; three sisters, Mrs. Ann Huber, Mrs. John Klinger, and Mrs. Paul Minnich, and one brother, Samuel Schwier, all of Mansfield.

257 Miles Will Be Repaired

Hard-Surfacing Program Pushed

Two hundred and 57 miles of Richland county's 400-mile road system will receive bituminous repair treatment by the middle of the summer.

All gravel roads in the county have been graded, preparatory to adding new toppings of stone or gravel, and in some places, thin, flexible oil and stone "cake icing" toppings.

In general, the county's northwest road system is in good shape, a tour of the area proved yesterday. Winter weather broke up much of the asphalt topping on the heavily-traveled thoroughfares and left ruts in gravel roads, but county maintenance men have speedily repaired the damage.

Now in its 10th day of repair, Bowman street road is being patched at the rate of 80 to 90 tons of asphalt material a day. Most traveled of the county's hard-surfaced roads, Bowman street road is receiving first notice this spring. Usually, gravel roads receive first attention.

"The bituminous system was worked first this year because it was the hardest hit by the weather," Walter E. Rusk, county engineer, commented. "If the hard-surface roads had gone through the winter in good shape, chances are that we would have turned our attention to gravel roads first."

BRIDGES HIT

In addition to the road headaches, county workers have had an added burden of washed out bridges which fell victim to the heavy rains of April. One damaged structure, the Amstutz road bridge, is now complete except for guard railing which will be put up as soon as material arrives.

Worked in with the bituminous work, the Nobel road gravel highway has been "brought up to first class shape," Rusk said, with 33 carloads of stone on the 11-mile stretch. Also scheduled for the same treatment are Latimer, Shelby East and Ganges East roads.

Arnold road, a half hard top, half gravel surface, will get another coat of road oil on the gravel side this summer. Rusk said Kuhn road will be given a base coat of calcium chloride for dust control and gravel and stone for a "good topping." Plymouth township trustees have offered the county $3,600 toward the cost of maintaining the road, Rusk said.

One of the earth roads scheduled for a hard surface is Stiving road, near Shelby.

Vaudevets Blame Hecklers For Death of Great Star

NEW YORK—Once a heckler caused the death of a great star, to hear vaudevets argue it. . . . Literally, not professionally.

It happened at the Palace in 1913. . . . His name was Nat Wills, a beloved tramp comic . . . The headliner was Sarah Bernhardt, just in from Paris . . . It was the opening matinee and Sarah (The Divine) went over big . . . The clapping kept on long after she took her last bow . . . Wills made the boner of coming on stage.

The audience broke into heavier applause and an usher (who waited too long) handed a huge bokay of posies over the footlights. They were for Sarah, of course . . . Wills motioned to her to come on stage and take them . . . He removed his hat in great respect to her.

But a heckler yelled: "Give 'em to Wills. He's dying!"

Two-a-dayers insist the cruel crack ruined the sensitive Wills. He was never the same after it. A few years later he died of carbon-monoxide poisoning in his garage . . . Broadway never stopped wondering.

★

Vaudevillians have minted sardonic wisecracks for years about the men who did the booking . . . F. F. Proctor took a lot of them . . . He was one of the fairest and most principled of the showmen . . . Some of us remember the time Bob Cole and Rosamond Johnson (author of the memorable "Under the Bamboo Tree") played Proctor's 5th Avenue theater . . . A Simon Legree stage manager (corroded with race prejudice) tried to humiliate the Colored stars . . . When old man Proctor learned of it he went there in person and thrashed the heel . . . And forever barred him from Proctor temples.

One of the first stories this column used dealt with a London star who dreaded coming to New York . . . To comfort him the bookers of the Palace told him he would try-out in nearby places until he was convinced he would click. The poor fellow's act laid an omelet at the Warburton Theater, Yonkers. The audience just didn't "get" his stuff—although he came billed as "England's funniest comedian" . . . The next afternoon while strolling he paused to inspect a fish store window display. . . . A big mackerel was the chief attraction—resting in peace—on hunks of ice.

"By jove," he exclaimed. "that reminds meh. I 'ave a matinee!"

★

Demands of some stars have been strange. May Irwin, Bernhardt and Elsie Janis insisted on clauses in their contracts barring animal acts . . . "They are too cruel," they argued . . . Alexander Woollcott paid one star back. He reported that she attired herself in fur pieces "made from some poor skunks!"

Lillian Russell once played at Proctor's 23rd Street. She demanded and got a dressing room, built especially for her in the wings, "so she wouldn't rip her frocks walking up and down stairs" . . . They had a neat trick at the Palace when the headliners threatened to walk off the bill unless they had the star dressing room. The management got around that—by having the star room repainted "that week."

Attorney James V. Will now heads the central committee and Ralph M. Hardy is executive committee chairman.

Attorney George W Riddle chairman of the Democratic central committee, said a meeting would be called for early next week. He said a date probably would be set later today.

Clinic Scheduled

A well-baby clinic will be held Wednesday at 1 p. m. at the health department offices in the city building, Dr. A. C. Biddle, acting health commissioner, announced today.

He will report to Washington, D. C., for re-assignment.

Mrs. Wagner Dies at 31

Mrs. Mary Winans Wagner, 31, of Mansfield, died at 2:10 a. m. today in a Columbus hospital following a brain operation. She had been ill for the past four years.

Mrs. Wagner was born in Shelby, April 12, 1917, and was graduated from Shelby high school in 1935. She attended Ft. Smith Junior college at Ft. Smith, Ark., and Ashland college. Mrs. Wagner taught for several years in the Lexington schools

Simpson Students to Present Their Annual Concert Tonight

John Simpson Junior high's musical might well be displayed to its fullest Friday night when the annual spring concert is presented by the band and orchestra

The concert will be held at the Junior high auditorium at 8:15 p. m. Approximately 100 students will take part in the event.

Ranging from Brahm's "Hungarian Dance No. 5" to the popular dance tune, "Four Leaf Clover," the concert will feature a modern theme throughout.

Opening with the orchestra, the program will include the Brahm's selection, "Sailor's Hornpipe," by DeLamater; "Fiddler's Contest," by Yoder; and "Perpetual Motion," by Bohn.

The accordion band will offer, "Now Is the Hour" and "College Medley," followed by the dance band's "Serenade of the Bells," "Four Leaf Clover" and "Old Folks at Home." There will be a tap dance ensemble to "Tea for Two."

Highlight of the band's part in the program will undoubtedly be the "Military Escort in Five Ways," by Fillmore. The selection will be played first as the original march; scond as Mascagni would have written it; as Strauss would heave composed it, as a modern band leader would write it; and as a military band passing in review would play it.

Other numbers by the band will be: "Komm Susser Tod," by Bach; "Polka Dots," a medley of "Sophisticated Lady," "Mood Indigo," and "Black and Tan Fantasy;" "Ragtime Wedding," "Three Blind Mice," and "Youth Supreme."

New Officers Named at Fete

Five new officers were elected for the Women's Commercial A league for the 1948-49 bowling season at a banquet last night at the Fair Way club.

The officers are: Billie Cleckner, president; Idella Wilcox, vice president; Gerry Merryman, secretary; Mary Dintaman, treasurer; Sally Foster, sergeant-at-arms.

Ohio Sports Center won the league title with PD's Bar, second. City News and Safety Cabs followed. Arlene Peters had the top single game of 244 and Mary McMullen hit a 601 series. Sports Center had the high game, 888, and series, 2,568.

Arlene Peters averaged 166, Donna Schuster, 164, and Mary McMullen, 162. Bowlers and guests received silver-plated bowling pin key rings.

Tribesmen Invade New York Today

NEW YORK—(INS)—The amazing Cleveland Indians now are confident that they will "take" the Yankees in New York today and go on to win the American league pennant.

Following yesterday's clubfest in Boston, in which the Tribe smacked the Red Sox, 12-7, for their fifth win in a row, several Indians, including Vice President Hank Greenberg, said the squad has enough to end up on top of the loop this year.

The finale of the Boston series had just about everything to justify the new-found Tribe enthusiasm. Larry Doby continued his batting surge by blasting another homer, his third in three days, Joe Gordon connected for another and to top off the day's proceedings, the Tribe pulled a triple play.

FIELDING GEM

The fielding gem came in the eighth inning with Wally Moses on second base and Birdie Tebbetts on first. Manager Lou Boudreau speared a line drive from the bat of Pinch Hitter Bill Goodman, threw to Gordon to double Moses and Gordon fired to Eddie Robinson at first to beat Tebbetts.

The triple play was the fifth in the last four years in the American league and came almost three years to the day when the Tribe pulled its last one, against the St. Louis Browns May 13, 1946.

Dave "Boo" Ferriss started on the hill for Boston and was greeted with a three-run outburst in the first inning. Thurman Tucker opened with a triple, Doby knocked a double off the center field wall, Boudreau singled, Gordon and Robinson walked, and Boudreau scored on an infield out.

NICK AL FOR 3

The Sox pounced right back and nicked Al Gettel for three runs in their half of the frame when Stan Spence clouted a home run with Johnny Pesky and Ted Williams on base.

Doby greeted Ferriss with his home run to open the second. Boudreau walked and Gordon followed with his round-tripper, his third of the season. The Indians added another marker in the third when relief hurler, Maurice McDermott, walked four men.

Gettel walked Williams and Spence to open the last half of the third and Ed Klieman came in. Bobby Doerr doubled to score Spence after Williams had been cleaned off the sacks in a double play.

GET TWO MORE

Cleveland continued its attack with two more tallies in the sixth on Robinson's walk, Keltner's infield single, Dale Mitchell's walk and Jim Hegan's single.

Bob Lemon, the hitting-fielding-pitching marvel of the Indians' mound staff, was nominated to oppose Allie Reynolds, former Tribesman, in the opening tilt of a three-game series in New York today.

Richland County Clubs Rained Out

Plymouth will meet Bettsville at noon in its first test of the joust while Lexington, winner last week over Fremont St. Joseph's will take on Woodsville at 2 p. m.

600 CLUB—These seven women are members of Mansfield's newest bowling group—the 600 club. All have hit a 600 series in local bowling circles since 1930. They received pins from Pauline Shively, president of the Women's City Bowling association, at a banquet last night at the Fairway. Left to right, first row, Sue Humphrey, Florence Handwork, Mary McMullen and Mary Kelsey. Second row, Arlene Peters, Sis DeWeese and Martha Dye. Seven Extra Base Hits Against Willard Send Tyger Tournament Stock Soaring

By CHARLEY STINE

WILLARD — The Senior high Tygers were today anxiously awaiting the opening of the district baseball tournament after playing their best ball of the season yesterday here to defeat Willard, 7 to 1.

The Tygers who previously had trouble hitting the weakest of pitching came to life with a vengeance. They pounded out nine hits good for 19 bases behind the superlative pitching of Sparkie Watts and Shelly Swank.

Watts, making his first appearance on the mound for the Tyger varsity, gave up one run and no hits in three innings. Swank held the home team scoreless and gave up the only hit—a single by Pinch-hitter Moll to open the seventh inning.

The mound work of the two was overshadowed only by their own hitting. Swank had a near perfect day as he collected a home run, double and walk in four times up. His other effort was a solid smash which was hauled down by the right-fielder. Watts also was on base three times out of four with a double, triple and by being hit by a pitched ball.

Neither team could manage a hit for the first three innings but Willard threatened to give the Tygers trouble anyway as they scored a run in the second frame on two walks and a mental error. With runners on first and third, Watts, who is inexperienced on the hill, held the ball while Orr, the man on first attempted a "sneak" steal of second. At the last moment, Sparkie cut loose with the apple but Gill, who had a long lead off third, raced home easily.

BEGIN TO ROLL

In the top of the fourth the Tygers began to roll and were still going strong when the game ended. Consecutive extra base blows by Watts, Miller, and Mike Gruber and a single by Phil Rogers rang the bell for three tallies.

The assault continued in the fifth, a walk to Tommy Tucker and doubles by Swank and Watts being the chief weapons. In the sixth Rogers got on through an error and Charles Marchant pushed a perfect bunt in the direction of the second baseman. They died on the paths, however, as Tucker fanned and Corky Perrine popped up.

LEADS WITH HOMER

Swank led off the final frame with his home run over the right field fence, an estimated 325 feet away. Watts was hit by a pitched ball and Joe Miller drove him home with his second two-bagger.

Mansfield will meet Ashland at 4 p. m. tomorrow at Blue Goose diamond in the district tournament opener.

Lou Gregorio, who yesterday was held out of a game for the first time this season, will be the likely starting hurler. Should Coach Jim Lymper's men get past Ashland they will meet Galion on Friday and the Bucyrus-Willard winner in the finals Saturday.

Ohio State Sports May Be Over Hump

By JOHN BARRINGTON

COLUMBUS—(INS)—It's just possible that the Ohio State athletic department is over the hump in the business of putting its house in order.

Two events, or series of events, last week end may be signaling a backward swing of the pendulum from a period when the Buck powers-that-be could find nothing but criticism on every hand.

Those two developments were:

1. The first real newspaper support the Dick Larkins-Wes Fesler regime has had since early last fall, and

2. The first quasi-public denial by the official high school coaching body of the state that the scholastic mentors were at odds with OSU.

Jim Schlemmer of the Akron Beacon-Journal, hitherto an outspoken Fesler critic, started the ball rolling with a suggestion that the Ohio High School Football Coaches association erred in not having an Ohio State representative on the staff for its clinic this summer.

A couple of other veteran newsmen immediately took up the cudgels.

That prompted a denial by Jim Robinson of Canton Lehman, chairman of the clinic, that any slight or malice was intended. Robinson pointed out that Fesler and his staff appeared at the clinic in force last year and that the Bucks stage their own clinic each spring.

He contended, and was supported by Fesler, that to avoid useless duplication to virtually the same group of "students" it was wise to import fresh coaching blood. Robinson pointed out that Fesler and his staff expect to be in attendance as observers throughout the clinic.

Herald Roettger, outgoing football coaches' president, made an even stronger statement when he asserted that "99 per cent" of the high school coaches in the state would prefer to see their Western conference caliber athletes enroll at OSU.

Veteran observers profess to believe that the friendlier spirit is in part reaction to what one of them baldly calls Paul Brown's "persistent efforts to keep the Ohio State coaching picture in a turmoil."

Schlemmer went so far as to designate a man he called Brown's "campaign manager" in efforts to return the Cleveland pro Browns' head man to OSU.

Few persons will deny that Brown is a coaching genius. His ardent followers—and he has many—will assure you he is one of the best football technicians who ever came down the pike.

However, it is barely possible that the tremendous boom to bring him back has foundered on the shoals of its own audacity and vindictiveness.

It is much too early to tell about that, but it does look like an interesting summer and fall.

Larry Doby May Equal Robinson

By LES CONKLIN

NEW YORK — (INS) — The American league may have a Negro star to equal or possibly surpass the feats of Jackie Robinson, fabulous sophomore of the Brooklyn Dodgers.

Cleveland's Larry Doby is reputed to be as fast as Robinson, and he really can tear the cover off the ball. The other day he whacked a home run in Washington that approached one of Babe Ruth's record swats.

Yesterday, he led the Cleveland attack with a homer, a double and two singles as the Indians trounced the Boston Red Sox, 12 to 7, and took undisputed possession of first place.

Both the Indians and the Yankees seem bent on supplanting the New York Giants as the home run kings of the Majors. The Yanks, who walloped the Chicago White Sox yesterday, 9 to 3, have collected seven circuit clouts in their last two starts, and 23 in 17 games this year.

Red Embree, former Cleveland star who never has lost to the White Sox, held the pale hose to six hits and racked up his first victory in a New York uniform.

Washington's star hurler, Early Wynn, for whom various other clubs are suffering from hunger, turned in another good game when he held the St. Louis Browns to five hits and beat them, 6 to 2, under the arc lights.

The National league race became practically a triple tie for first place among the St. Louis Cardinals, the New York Giants and the Pittsburgh Pirates, when the Cards were handcuffed by Johnny Sain of the Boston Braves, 6 to 0, and Pittsburgh beat Brooklyn's prize rookie, Erv Palica, 4 to 2.

Grandpa Elmer Riddle, a Cincinnati castoff, racked up his third win of the campaign when he held the Dodgers to five hits and bested Palica in a night game. Ralph Kiner, the Pittsburgh strong boy, belted his sixth homer of the year, with one man on base, to win for the Bues.

Sain, finally regaining the form which made him an ace last year, allowed the Cardinals ten hits under the arc lights but kept them scattered. Earl Torgeson whacked a three-run homer for the Braves in the third inning.

The New York Giants and the Chicago Cubs were idle, and other clubs were not scheduled. The Giants handed Joe Beggs, veteran relief pitcher, his unconditional release.
